

# COMMAND 1C

## WUI Command Operations for the Company Officer

Course Outline

### Course Outline

Course Objectives: To provide the student with...

- a) An overview of the considerations specific to a wildland urban interface incident, including the utilization of the incident command system and the wildland fire environment.
- b) Safety and survival in the wildland urban interface.
- c) Preincident planning considerations
- d) Command considerations at wildland urban interface incidents
- e) Company Officer initial actions at a wildland urban interface incident including the development of incident priorities, strategy, and tactics
- f) The opportunity to gain experience in a controlled environment through wildland urban interface fire incident simulations.

<b>Course Content .....</b>	<b>40:00</b>
<b>Unit 1: Course Introduction (1:00)</b>	
1-1 Orientation And Administration .....	1:00
<b>Unit 2: Wildland Urban Interface Incidents (2:00)</b>	
2-1 The Wildland Urban Interface (WUI) Environment.....	0:30
2-2 ICS And A WUI Incident .....	1:00
2-3 Jurisdictional Authority .....	0:30
<b>Unit 3: Safety and Survival (8:00)</b>	
3-1 Safety And Survival During A WUI Incident.....	0:45
3-2 Initiating And Handling A Refusal Of Risk .....	0:30
3-3 Entrapment Avoidance.....	0:45
3-4 Survival Measures.....	1:00
3-5 Fire Fighter Fatality And Near-miss Case Studies .....	4:30
3-6 Considerations for Emergency Responder Rehabilitation.....	0:30
<b>Unit 4: Wildland Urban Interface Fire-fighting Community Partnership Initiatives (1:30)</b>	
4-1 Property/Structure Preparation .....	0:30
4-2 Evacuation Considerations .....	0:30
4-3 Leave Early Or Stay And Defend.....	0:30
<b>Unit 5: Preincident Considerations For The Wildland Urban Interface Incident (2:30)</b>	
5-1 Evaluating Potential Risk.....	0:30
5-2 Impact Of Weather Events.....	0:30
5-3 Reviewing Preattack Plans.....	1:00

# COMMAND 1C

## WUI Command Operations for the Company Officer

Course Outline

5-4 Implementing A Staffing Augmentation Plan .....0:30

### Unit 6: Command Considerations At A Wildland Urban Interface Incident (11:00)

6-1 Decision Making And The Five Step Risk Management Process For A WUI.....1:00

6-2 Sizing-up A WUI Incident .....0:30

6-3 WUI Fire Behavior Prediction .....1:30

6-4 Structure Protection Considerations For A WUI Incident.....1:00

6-5 Determining And Implementing The Initial Incident Action Plan For A WUI Incident .....3:00

6-6 Utilizing Tactical Worksheets .....1:00

6-7 Evacuation Considerations For A WUI Incident .....1:00

6-8 Continuing, Transferring, And Terminating Command Of A WUI Incident .....1:00

6-9 Post-incident Analysis (After Action Report) And Documentation .....1:00

### Unit 7: Applying Initial Incident Actions For A Wildland Urban Interface Incident (10:00)

7-1 Procedures For Applying Initial Incident Actions For A WUI .....0:30

7-2 Scenario-based Exercises .....9:30

**Formative Tests ..... 3:00**

**Summative Test ..... 1:00**
